Another local riding organisation in danger of collapse!

The Association

Chesham and District Bridleways Association was formed in the 1970s and was very active in establishing bridleways as rights of way for riders. Its activities include arranging for bridleways to be cleared, organising pleasure rides and an annual Cross Country event, lobbying and liaising with local government. It is unusual for a bridleways organisation in that it rarely needs members to muck in with clearance work, but uses a contractor instead. The association tries to cover quite a wide area including Asheridge, Ballinger, Bellingdon, The Lee, Chesham, Cholesbury, Hyde Heath, South Heath, Latimer and Ley Hill.

Our Predicament

Membership numbers have been falling for some time. This has led the committee to question if there is an on-going need for the association. If there is little interest from the riders that benefit from the association, then perhaps it is time to wind up the organisation.

A Meeting

In order to test whether there remains a need for the association a meeting will be held.

This will be held at Bellingdon and Asheridge village hall at 7:30 p.m. on 17th May.

Any rider in the area who feels there is a need for the Association should attend. and be prepared to support its activities.

**If you have any queries please contact
Chris Dutton.**
